```
```python
Import necessary libraries
import pandas as pd
import numpy as np
import matplotlib.pyplot as plt
import seaborn as sns

Display the first few rows of the DataFrame
display('First few rows of the DataFrame:')
display(df.head())

Check the data types of the columns
display('Data types of the columns:')
display(df.dtypes)

Check for missing values
display('Missing values count:')
display(df.isnull().sum())

Summary statistics for numerical columns
display('Summary statistics for numerical columns:')
display(df[['Unnamed:0']].describe())

Distribution of the numerical column
plt.figure(figsize=(10,6))
sns.histplot(df['Unnamed:0'], kde=True)
plt.title('Distribution of Unnamed:0')
plt.show()

Frequency count of the 'class' column
display('Frequency count of the class column:')
display(df['class'].value_counts())

Bar plot of the 'class' column
plt.figure(figsize=(8,6))
sns.countplot(x='class', data=df)
plt.title('Bar plot of class column')
plt.show()

Check the 'text' column for unique values and top frequency
```

```
display('Unique values and top frequency in the text column:')
display(df['text'].nunique())
display(df['text'].value_counts().head())

Length of the 'text' column
df['text_length'] = df['text'].apply(len)
display('Summary statistics for text length:')
display(df['text_length'].describe())

Distribution of the 'text_length'
plt.figure(figsize=(10,6))
sns.histplot(df['text_length'], kde=True)
plt.title('Distribution of text length')
plt.show()

Box plot of 'text_length' by 'class'
plt.figure(figsize=(8,6))
sns.boxplot(x='class', y='text_length', data=df)
plt.title('Box plot of text length by class')
plt.show()

Correlation between 'Unnamed:0' and 'text_length'
display('Correlation between Unnamed:0 and text length:')
display(df[['Unnamed:0', 'text_length']].corr())

Scatter plot of 'Unnamed:0' vs 'text_length'
plt.figure(figsize=(10,6))
sns.scatterplot(x='Unnamed:0', y='text_length', data=df)
plt.title('Scatter plot of Unnamed:0 vs text length')
plt.show()
```
```

'First few rows of the DataFrame:'
